.NET DEVELOPER

I am a motivated, result-driven, passionate and curious learner. I am eager to start my journey in software development. I continuously strive to grow my skills and stay updated with the latest technologies. I'm committed to contributing to innovative solutions that support team success and help me evolve into a valuable member of any project I work on.

KEY COMPETENCIES

HTML	Next.js	Supabase
CSS	.NET	Firebase
JavaScript	SQL	Claude Code
TypeScript	SQL Server	
React	Tailwind CSS	

PROFESSIONAL EXPERIENCE

Mintex Tech **01/2025 - 07/2025**
.Net Developer Intern

Developed a .NET-based college project from scratch and learned to integrate components from older projects into a unified system. Gained practical knowledge of performance tuning and basic security best practices in .NET applications. Used Microsoft Office Word to create detailed documentation of a legacy project integration, covering all technical and functional aspects for better team collaboration.

Tools & Technologies: .NET (C#), ASP.NET Core, SQL Server, Visual Studio 2020, Microsoft Office Word.

Mintex Tech **07/2025 - Present**
Software Developer

Project: PLENTYCART (E-commerce Platform)

- Contributed to the development of the PLENTYCART application built with ASP.NET MVC, React.js, Next.js, and SQL Server (SSMS).
- Implemented UI enhancements and responsive designs to improve user experience.
- Modified existing modules and resolved bugs to ensure smooth functionality.
- Assisted in integrating frontend components with backend APIs.
- Worked with SQL Server for basic database operations, queries, and data updates.

Project: Mintex Staffing (Staffing & Recruitment Platform) | www.mintexstaffing.com

- Built the company's staffing website end-to-end with Next.js (App Router), TypeScript and Tailwind CSS, deployed on Vercel.
- Integrated the Ceipal ATS API to show live job openings, accept applications with resumes, and power a client portal for tracking jobs, submissions and placements.

- Developed an admin panel on Supabase (PostgreSQL + Storage) to manage case studies, blog insights (TipTap rich-text editor), industries, team members, site images, messages and hiring inquiries.
- Created AI-powered tools with Google Gemini, including an interview-kit generator and a skills gap analysis.
- Added a hiring cost calculator with saved and emailed results (Nodemailer, PDFKit), job alerts, and SEO pages kept fresh with scheduled cron jobs and IndexNow.
- Used Claude Code (AI coding assistant) throughout development to plan, build, debug and refactor features faster, reviewing and testing every change.

Project: Mintex Care (Home Care Services Website) | www.mintexcare.com

- Built the MintexCare website with React, TypeScript, Vite, Tailwind CSS and shadcn/ui, hosted on Firebase.
- Developed responsive pages for services, service areas, careers, facility staffing, free consultation, blog and resources, with Framer Motion animations.
- Built an admin dashboard on Firebase Firestore to manage testimonials, team members, gallery, site images (with an in-browser crop tool), job positions, pricing and contact details.
- Implemented contact, consultation and job-application forms with resume upload; submissions are tracked in the admin panel and emailed through a Google Apps Script + Gmail integration.
- Built and redesigned the site with Claude Code (AI coding assistant) to speed up development, from new pages and admin features to bug fixes and image tooling.

OTHER COLLEGE PROJECTS

July 2020 - Jan 2022

Grocery Store (Sem-1)
HTML, CSS, JS, PHP

Foody (Sem-3)
SQL Server & .Net Core & Bootstrap, HTML, CSS, JS

EDUCATION & CERTIFICATIONS

Bachelor Of Computer Application
Saurashtra University
Parangat College
Halvad, 2020 - 2023
74.72%

Master Of Computer Application
Kadi Sarva Vishwavidyalaya
LDRP Institute of Technology & Research, 2023 - 2025
72.10%

EXTRACURRICULAR ACTIVITIES

Taekwondo
District level Champion, Silver Medalist
